

# ENVIRONMENTAL NANOTECHNOLOGIES : INDUSTRIAL DEVELOPMENTS, ECONOMIC AND SOCIETAL IMPACTS

7<sup>TH</sup> - 8<sup>TH</sup> OF JULY 2011

EUROPOLE DE L'ARBOIS, AIX-EN-PROVENCE, FRANCE

- THE FORUM MEETING ROOM -

The CEREGE, the CEA, the ECCOREV research federation, and the Institute of Occupational Medicine (Edinburgh, UK) are glad to announce this workshop on *Environmental Nanotechnologies: Industrial developments, economics and societal impacts*.

During these two days, academics and industrials will discuss about the properties of nanomaterials, their industrial applications, their economics and societal impacts, as well as their impacts on human health and environment. Overview lectures will be given by European experts.

This interdisciplinary workshop is dedicated to PhD students, Post-Docs, and new researchers in the field. Participation is free of charge but registration is mandatory for organizational constraints. Please, fill the inscription form online or send it to [auffan@cerege.fr](mailto:auffan@cerege.fr) before **June 15<sup>th</sup>, 2011**.

Please feel free to forward this information to whoever might be interested. We look forward to seeing you in Aix-en-Provence for a stimulating and enjoyable workshop !
